About Us

Since 1993, International Register (INTLREG) Engineering has been one of the world's leading engineering and surveying consultants. When you need support, INTLREG should be your first port of call.

For 30 years International Register (INTLREG) has been one of the world's leading engineering and surveying organization. When it comes to finding the right partner with the right credentials, then INTLREG is your choice.

We have global presence knowledge and experience to support ship owners, operators, shipyards, dry docks, consultants, insurance companies and governments looking for a dependable partner with a comprehensive network.

We strive to provide professional services to all our clients which would cover their needs and requirements.

INTLREG is committed to serve the wider public interest promoting safety at sea, safeguarding property and we care for the natural environment. It is what the maritime industry does, and it is what INTLREG has pledged to support. INTLREG has the knowledge and the right expertise.

Our global network of naval architects, marine engineers, surveyors, and auditors are ready to step in and support our customers.

We are always there to help you remain efficient, operational, and compliant.

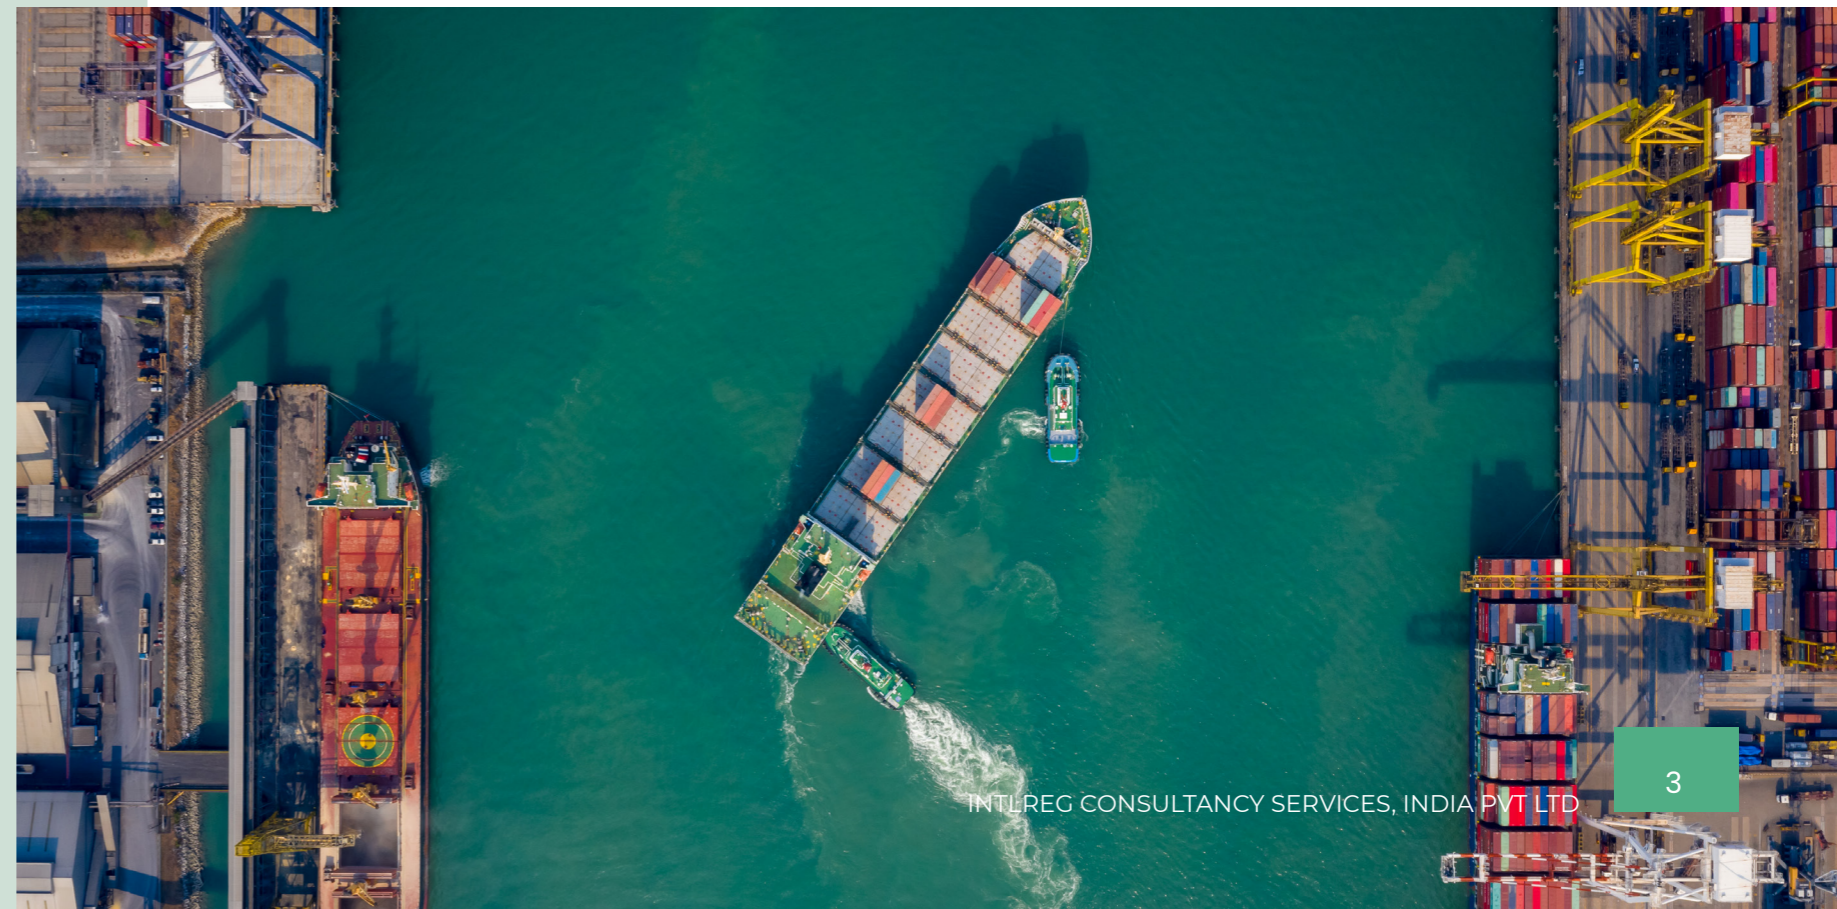

Safety and Quality Assurance

Mistakes are costly. At INTLREG we understand the need for safety, and we have the knowledge and experience to support you in this area. We will help you remain operational and in compliance with maritime regulations through relevant surveys and engineering assistance.

With almost 30 years of operations and a proven track record, we possess all key elements to make you operational and compliant whether you are in the industry of maritime, shipping, offshore or energy sectors.

Through our THO in Miami, FL, USA we strive to provide tailored solutions to any problems our clients face. We help you to reduce the time - consuming paperwork and detailed reviews.

With our support you can rest assured your safety procedures and approvals are met at all times.

Our Core Values

We are on a mission

Our mission is to continuously ensure safety of life and property at sea, prevention of pollution in the marine environment through various surveys and engineering solutions.

The vision

To become a leading engineering platform with full range of supporting services.

- This is what we stand for.
- This is what we strive to achieve. This is what INTLREG believes in.
- This is what we offer you as a trusted maritime partner.

IMPARTIALITY: professional views and services based on objective criteria, rather than on the basis of bias, prejudice, or preferred benefits

LOYALTY: We are your trusted partner

RELIABILITY: INTLREG builds trust and confidence through integrity and consistency

NETWORK: a global network of registered offices, surveyors' stations, and flag authorizations offering clients efficient response and support at any point in time

ENTREPRENEURIAL: we embrace change and deliver innovative and fit-for-purpose solutions

TRUSTWORTHY: INTLREG is transparent and authentic with a code of ethics and integrity

GLOBAL: INTLREG is a global operation benefitting clients anywhere they need local support and maritime services on demand

Verification

INTLREG takes the hassle and stress out of compliance for ship owners and operators. We understand the need for transparency and our engineering and industrial verification and advisory services are offered through International Register Management Systems (IRMS) which is another division of INTLREG.

Our verification services offer:

- Asset Integrity, Asset Management Services for your fleet
- Auditing of the Management Systems
- Concept Design Preparation of Technical Specifications / Appraisal of Plans and Documents
- Laboratory Testing at Approved Facilities
- Maintenance Optimization
- Third Party Inspection

Advisory

With INTLREG alongside you have access to expertise and a knowledge database covering:

We do not compromise. We work to the highest standards because that's what you demand.

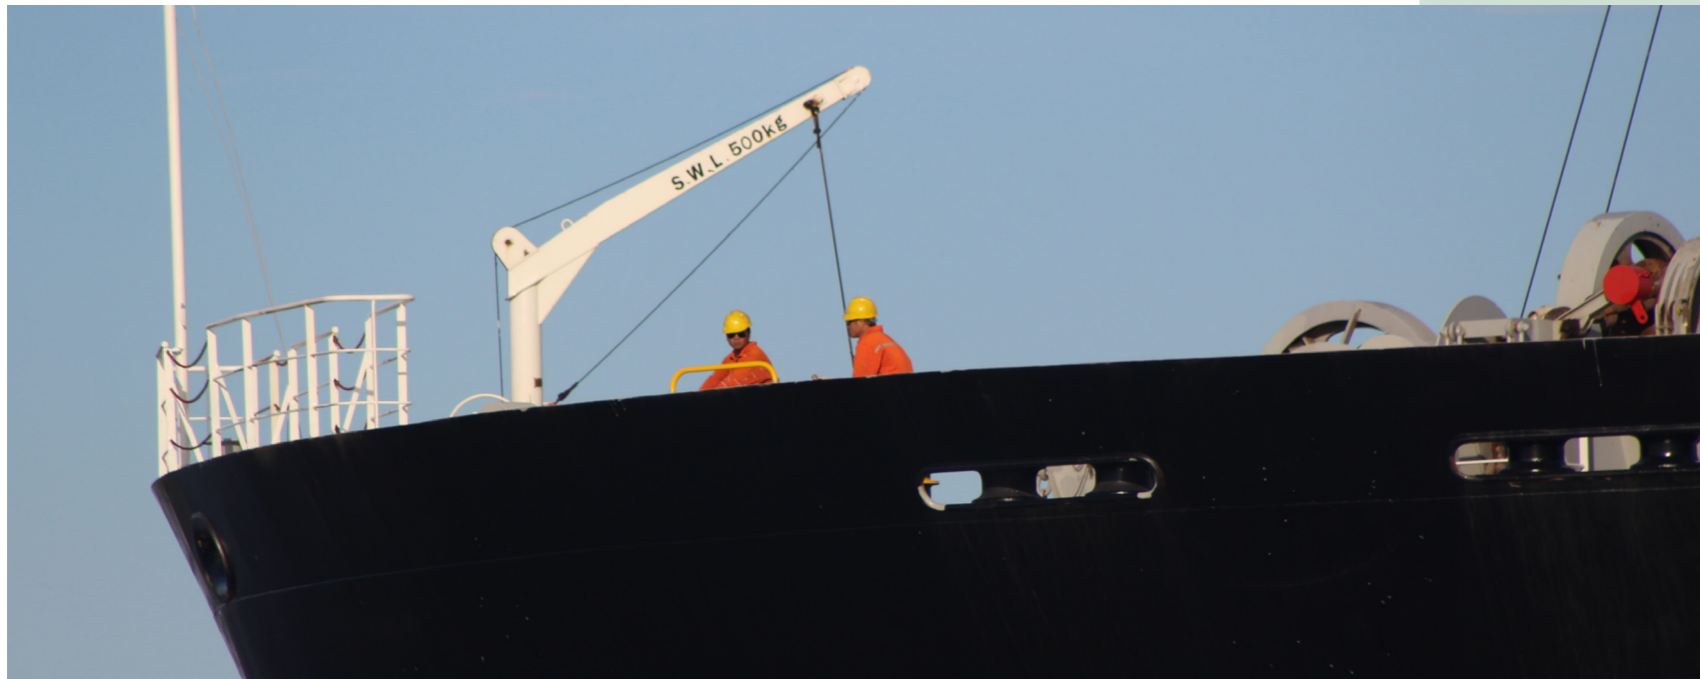

- Eco Solutions / Marine Environment
- Emergency Response Services
- Engineering Dynamics, Hydrodynamics, Control Systems, Cybernetic
- Advisory
- Hull Renovation / Life Extension Program
- Management Systems
- Maritime Security Services
- Noise & Vibration Advisory Services
- Safety, Risk and Reliability, Marine Failure Investigation
- Structure Advisory Services

Surveys

We carefully examine the vessel for the seaworthiness, water tightness, condition of pipes and fittings, condition of equipment and machinery, and competencies of the ship crew to cover the liability claims. Also, we ensure that compliances like ISM procedures, SOLAS, MARPOL are met to swiftly claim the insurance amount.

For hull and machinery surveys INTLREG experts bring an in-depth technical understanding of Main Engines, Boilers, Cranes, Turbochargers, and Propellers, Rudders, Shafting and Stern tubes.

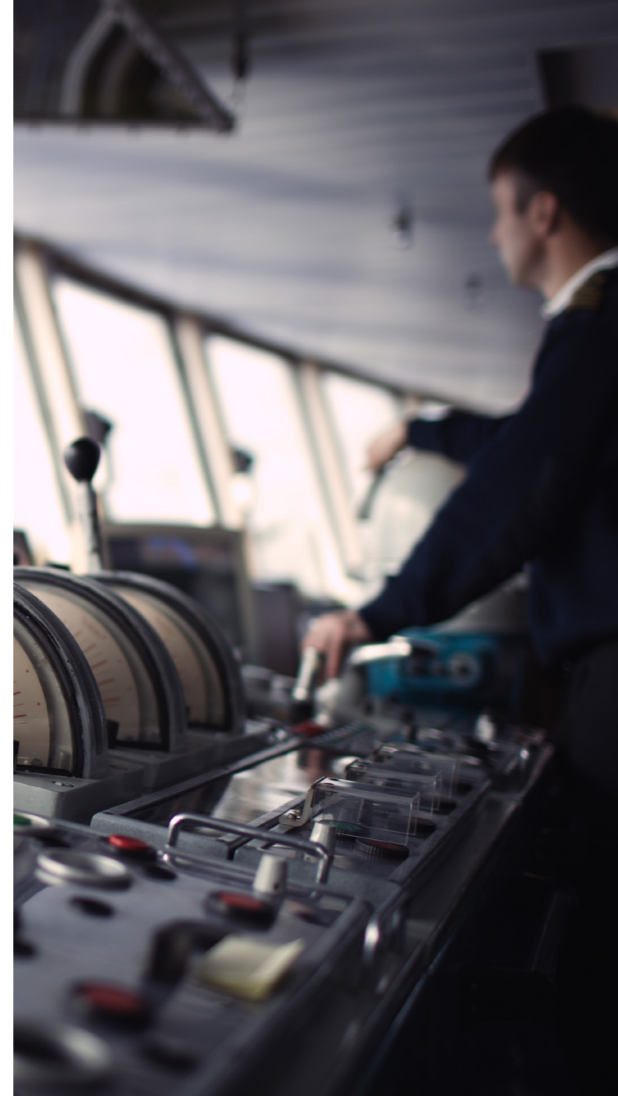

- P&I Condition Survey
- Damage assessment
- Finding out extent of machinery causalities
- Discover the cause of the incident & the circumstances that led to it
- Assess the quality of repair and the present vessel condition
- Provide impartial advise to underwriters before ship can be offered a full cover or the claim can be settled
